(a) - Discussed in detail in the "Individual Fee Rationale" section of the Supplementary Information in the Final Rule.

(b) - Included within the average unit cost of search and exam. See "Individual Fee Rationale" section of the Supplementary Information of the Final Rule for additional information.

(c) - Cost was not derived purely from historical ABI cost, but from like historical data used as a foundation to calculate the prospective cost of a new program or activity.

(d) - Unit cost was not calculated for these fees because there are no significant, specific activities supporting them, other than collecting and depositing the fee.

(e) - Recent unit costs were not calculated for these fees and the Office is therefore, not proposing changes to these fees until we are able to evaluate them against their current respective cost (with two exceptions: three enrollment fees are adjusted to correct rounding errors; and the Office is proposing a \$0 fee for assignments submitted electronically).

(f) - See the Costing Methodology Appendix for calculation descriptions.
